## Courses

### ● Google UX Design

Coursera

Apr 2023 - Nov 2024

Completed a 6-month Coursera's UX Design course, offering a comprehensive introduction to user experience design principles and practices.

## Experience

### ● User Interface Designer

GDSC KIIT

Jan 2024 - Present

I'm part of the SAP Portal Redesign project, focused on enhancing our college's administrative portal. We're revamping the interface for improved user experience and functionality, employing user-centric design principles and feedback to create a more intuitive platform.

### ● Graphic Designer

NSS SCE KIIT

Oct 2023 - Present

I'm actively involved in designing projects centered around festivals and awareness programs. My role includes creating visually engaging materials that promote events and initiatives, utilizing design principles to effectively convey messages and engage the audience.

## Projects

### ● SoundStream

Music Streaming Website

Sept 2023 - Jan 2024

Experienced UI/UX Designer specializing in music streaming websites. Skilled in user research, wireframing, and collaboration to create engaging and intuitive experiences.

### ● MovieMint

Ticket-Booking App

Aug 2023 - Dec 2023

Experienced UI/UX Designer specializing in ticket booking apps for movies. Proficient in user research, wireframing, and collaboration to create seamless and user-friendly experiences.

### ● Nike Store

E-Commerce Website

Oct 2023 - Feb 2024

specializing in crafting dynamic Nike shoes websites with complex animations. Proficient in user research, wireframing, and collaboration to ensure captivating and user-friendly experiences.
